To remove/erase any uploaded content to My Pet cloud such as: synchronization data, uploaded documents and backups complete the following procedure.
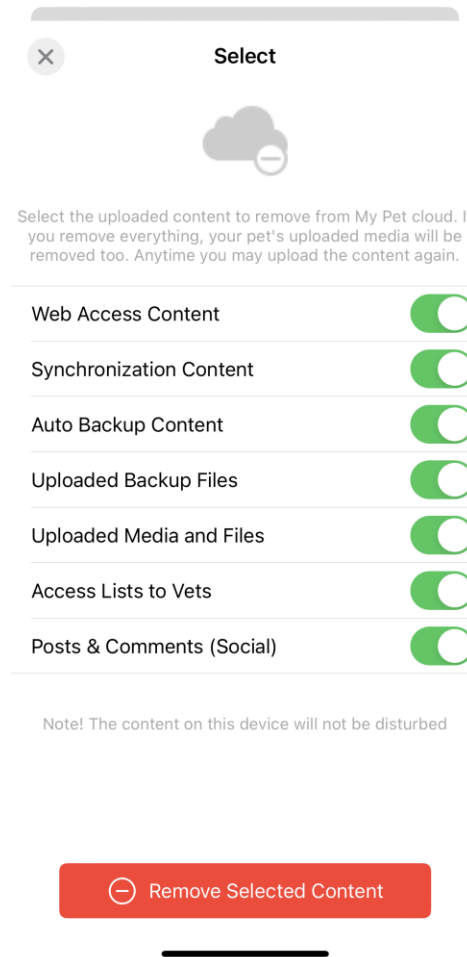

Step 1

Tap in **More** tab (lower right), scroll down and select **Admin** option. In Admin page scroll down and select **Remove Uploaded Content** option.

w: https://mypet.com.gr
m: support@mypet.com.gr

Step 2

Select the content to remove.

Note! This procedure does not remove My Pet content uploaded in your iCloud drive (backups and documents).
